Some of the valuable services that our firm can provide at no cost to you with your membership, include:

Legal Consult: One of the most important services included in your membership is access to legal consultations. Typically, hiring an attorney for advice can cost up to \$500 per hour. During your consultation, a qualified attorney will explain the relevant laws and how those laws apply to your specific situation and outline the legal remedies available to you. This ensures you have the information you need to make **informed legal decisions with confidence.**

Document Review: As part of your membership, we can review legal documents such as contracts, leases, and service agreements. Depending on your plan, we can review up to **15, 25, or 35 pages***. Our attorneys will identify areas of concern, explain the legal implications of key provisions, and assess compliance with state and federal laws. To submit documents for review, email them to **wfjdocsewfjlawfirm.com**, include your **file number** for faster assistance and allow up to 3 business days for review.

Please note: we are unable to provide substantive review of court filings.

Demand Letters: You have the option to have an attorney draft letters to opposing parties to help resolve disputes. You are entitled to **one letter per legal issue***, at the discretion of your attorney. Simply provide all requested information to your attorney during your consultation, allow up to 3 business days for drafting, and you'll receive a draft for your review and approval before we mail the letter on your behalf. If we receive any responses, your attorney will be sure to notify you.

Legal Research: Up to one hour of legal research* is provided to help you understand how your situation fits within current statutes, case law and strategy to proceed. To ensure you have accurate, up-to-date information to make informed decisions, please allow up to 3 business days for our attorney to conduct research and analysis and follow up by email or phone.

Estate Planning Documents: We're pleased to provide members with essential estate planning documents, including **Last Will and Testament, Power of Attorney and Advance Healthcare Directives (Living Will). Additionally, trusts are available at a discounted rate, depending on your plan***. Please note, Powers of Attorney can only be prepared for the granting party. If someone you know wishes to grant you Power of Attorney, encourage them to set up their own membership and we'll be happy to assist them as well.

Your membership gives you access to our **Referral Network**, where you can receive a discount of **15%, 20%, or 25%*** (depending on your plan) on services such as legal representation, drafting of documents, negotiating settlements and court actions, arbitration, or mediation. Referrals are provided **as available**, and we ask that you allow **3-5 business days** for processing.

After working with our firm, you may receive a brief LegalShield survey asking about your experience and how likely you are to recommend us. A score of 10 means you'd recommend us with complete confidence—and that's always our goal.
